

Statement from Bishop Stephen Blaire

It seems that life is being attacked from all sides. Pro-abortion advocates now want the State Legislature to pay for "family services" (abortion services) at a higher rate than the normal Medi-Cal rate. This comes at a time when the State contends that it cannot pay for Medi-Cal for many of needy Californians. The bill is right now before the State Assembly. Tell your Assembly Person to vote NO on SB 743.
